

Lyon, immediate release

ROADTIME : INTENSE OR CLASSIC WHICH WATCH BEST DEFINES YOU?

GTO, new watches and accessories French brand, presents you its model Roadtime. Classic with a light unconventional touch, the Roadtime watch stand itself out by its comfort and its uncompromising discretion.

THE ROADTIME WATCH : SPORTS AND SINGULAR

The new brand **GTO** signs through its model **Roadtime** a sports watch which keep its originality thanks to its inverted setting buttons.

Fine et ergonomic, the **Roadtime** watch insures a complete adhesion to the wrist for a comfort throughout the day.

A WATCH PLEASANT TO EVERYDAY LIFE

Available in four colors for a varied style, the model **Roadtime** proposes intense dial colors such as a sensational orange filled with dynamism and a royal blue for your prestigious desires. For more sober and classic tastes, **GTO** offers also a dial in an intense black color to express your elegance or a satiny white color to illuminate your day outfit.

Its 50 mm diameter offers to the **Roadtime** watch a wide case for a large visibility.

Comfortable thanks to its inverted actions buttons, it is composed of a chronograph with rattrapante hand and a sound alarm for the management of your meeting in any discretion.

The **Roadtime** watch defines itself as a real partner on a daily basis.

A BRAND BETWEEN PASSION AND TRADITION

GTO is the watchmaking division of the group Flip Technology, which is specialized for more than 30 years in mandatory on-board instrumentation.

These watches and accessories brand is born thanks to the passion of its founder, Philippe Gaso.

GTO « watches and accessories » was inspired by a line of legendary cars for the most great pleasure of all.
